

# DEER VALLEY ACADEMY

## ON-SITE LEARNING PLAN

Deer Valley Academy is committed to providing students with a safe and productive learning environment. The Deer Valley Academy campus will be open specifically for services to be delivered. The spaces will be designed to adhere to physical distancing as well as frequent sanitation routines throughout the night.

**When:** Hours of operation are 3:15-8:15pm, Monday – Thursday.

**Acknowledgement:** Parents will be asked to sign a COVID-19 acknowledgement form in order for their student to attend an on-site learning space.

**Health Checks:** Students and staff are required to respond to a set of questions focused on identifying COVID-19 symptoms and/or receive a temperature check upon entering campus. Per CDC guidelines, any student with responses coinciding with known COVID-19 symptoms, or with a temperature of 100.4 or greater, will remain in an isolated area. Any student that is sick or not feeling well is asked to stay home. Staff or visitors will follow the same guidelines and will be asked to stay home if sick or leave campus if displaying symptoms or a fever. Please note that visitors to campus will be very limited.

**Face Masks and Physical Distancing:** Students and staff are expected to wear face masks while on campus. If a student does not have a face mask, one will be provided. Students and staff will adhere to the CDC guidelines regarding physical distancing when on campus.
